

➤ **Irrigation networks hydro mechanical equipments projects
(Design, Construction, Installation and Launch):**

- Fariman dam: total hydro mechanical and electrical equipments consisting 3 sets of 5*5m Radial gates as (spillway gates)
- 19th if day dam in Qom
 - Diversion dam of Golmir
 - Daei valley dam
 - Meimeh diversion dam: two 2.2*2.5m radial gate as bottom out let in take gate.
 - Zavin dam :total hydro mechanical and electrical equipments
 - Meijaran dam gate's construction
 - Shirvan dam : howell bungler hood and reducers construction
 - Baaneh dam construction of transitions, trash racks, expansions & branches
 - Sattar-khan dam : total intake equipments
 - Sheygolak dam : total equipments
 - Esfatayen's bidvaaz diversion dam: total equipments consisting AVIO control gates.
 - Shafarood storage dam : total equipments
 - Hendijan's Aask dam : total equipments
 - Mahaabaad dam : hydro mechanical equipments reconstruction

➤ **Power house hydro mechanical equipments projects (Design, Construction, Installation, Launch):**

- Gaamaasiab power house
- Fars sheshpir powerhouse
- Janat roodbal powerhouse
- Darreh takht power house
- Karik 1,2 and 3 power house

➤ **Dams Repair and Treatment projects:**

- Kahak dam repair & taise
- Sistaan gates repair
- Sepid Rood dam steel lining construction
- Zahak dam repair & reconstruction
- Nahr Shar e Taaheri repair reconstruction

➤ **Irrigation networks hydro mechanical equipments projects (Design, Construction, Installation and Launch):**

- Dasht e khorram
- Dasht e Room & Cheraam
- Saaveh
- Moghaan
- Seilakhor
- Minaab
- Razoor
- Chalaghvandi
- Choghagorg
- Barkhaar
- Khadijeh Khatoon
- Dasht e Golpaygaan
- Baahoo Kalaat
- Dasht e Shamil & Niaan
- Feyz Abaad
- Tabaarak abaad diversion dam : 2Radial 2*2.5m gates as bottom outlet in take gate
- Feiz Abaad diversion dam
- Tehran jalalieh water treatment flaq gates
- Gheshlagh dam's down stream : AVIO control gates
- Qom's Khadijeh Khaatoon diversion dam

➤ **Pumpage station and water treatment equipments projects (Design, Construction, Installation, Launch):**

- Araak water treatment: hydro mechanical equipments
- Maary water treatment: gates construction
- Rasht water treatment: Screw pump construction in various scales Maraagheh water treatment: Screw pump construction in various scales
- Mianeh water treatment: Screw pump construction in various scales
- Isfahan Pressure Vessel: Tanks construction
- Esfarayen water treatment
